QUE DIRE. Mind blown.

Finitions étudiées sous toutes les coutures (le cas de le dire). Léger, solide, matériaux de très bonne qualité, couleurs choisies avec soin et avec gout, tout est travaillé avec une expertise appliquée j'adore. [...] C'est mon premier sac [...] et sûrement pas le dernier !

Irina R.

Ce sac est une oeuvre d'art 🤗

[...] Marie est une artiste, elle attend que les tissus lui parlent, elle cherche l'accord de couleur parfait, elle a un sens du détail poussé à l'extrême et transforme des déchets de l'industrie du luxe en pièces uniques ! Quoi qu'elle fasse, elle vise la perfection, et cela se voit dans chaque couture. [...]

Merci pour ton travail Marie ❤️💙

Brindille D.-J.

[...] je suis tombée dans la marmite !!

Marie est d'une écoute et d'un professionnalisme extraordinaire. Vous pouvez lui confier vos souvenirs sans craintes.

ACCESSORIES WHICH TELL STORIES

I mainly create high-end bags and wallets with an artistic approach that can be divided into two chapters.

Spontaneous creations. I select fabrics based on inspiration because they "whisper" something to me. Whether this "message" is clear or vague at first glance, assembling them and giving them shape brings it to light, allowing me to share it with my clients.

Fully bespoke projects. Starting with my fabrics or theirs, whether their ideas are well-developed or just beginning, it is possible to imagine with my clients pieces that match their emotions, designs that reflect their personality.

I offer original and unique creations that are not found anywhere else. Whether fully bespoke or purely creative, they speak to you and tell a story: theirs, yours...

EXCELLENCE & **EXPERTISE**

In my workshop located in St Just St Rambert in the Loire region, I bring my dreams and yours to life through exceptional craftsmanship and an unwavering quest for quality.

My art(isanship) is more than just a business; it's a passion, an ambition for perfection.

The materials I use are carefully selected for their quality, durability, and environmental responsibility. My technical supplies and some innovative materials come from trusted and loyal providers.

The "aesthetic" materials, aside from those entrusted to me, come from renowned babywearing scarf brands, dormant stocks from luxury houses, scraps from high-end leather goods manufacturers... or even from personal collections discovered with a keen eye at flea markets.

At the heart of my philosophy lies a commitment to excellence. Every cut, every stitch, and every detail is executed with precision and care, reflecting my expertise.

I don't just create products; I craft experiences, narratives, and lasting impressions.

(AESTH) **ETHICAL**

My creations are more than mere accessories:
extensions of my personal practices,
they embody a story of inspiration, durability,
and commitment to slow fashion.

I refrain from creating series (or limit them
to ultra-limited editions, with a maximum of five
repetitions of a pattern) to **preserve the uniqueness**
of my creations.

I promote **longevity** by prioritizing materials
with organic certification, often upcycled and always
of excellent quality, and by applying robust
construction methods and unparalleled attention to detail.

My commitment extends to **waste reduction**.

I offer 'Nearly Perfect' creations at reduced prices
and valorize all my production scraps with schools,
associations, and other professionals.

Finally, my communication favors **environmentally friendly**
practices, through the use of compostable labels, recycled paper,
revalued plastic and cardboard packaging, and a website designed
with eco-responsible practices in mind.

WHO IS THE **STORYTELLER?**

I am Marie, in my forties, living in the Loire region with my husband and our two children. Creativity has always been a form of therapy for me, a balm for the mind and soul.

The current adventure began with a blanket, the one I sewed for the arrival of my second child. A blanket made of maternal love and pieces of fabric, real pieces of life: the first baby carrier of my eldest, grandfather's T-shirt, a friend's son's swaddle, the remaining part of my niece's cuddly toy... Such a story, so many thrills!

It was an experience so rich in meaning, and that's when it all clicked...
I am here to offer you the chance to experience it too!

A skilled artisan, constantly pursuing excellence in all areas of my life, demanding by conviction and necessity, I have always embraced challenges with determination.

This new challenge inspires me daily: helping women enhance their stories is a true passion.
