RETAILER KIT · 2026

PIECES YOUR CUSTOMERS WON'T FIND ANYWHERE ELSE

Bags, clutches, wallets: I make them by hand in my workshop in the Loire, France, from leathers and fabrics that have already lived. Each piece exists in a single copy. For a designer boutique or a concept store, it's a collection like no other.

WHAT MY PIECES BRING TO YOUR SHOP

NOTHING SEEN BEFORE

One piece, one copy. Your customers won't find it in the shop next door.

A STORY TO TELL

Every piece is numbered and comes with its ID card: model, materials, care. Plenty to talk about on the shop floor.

VALUES YOU CAN SEE

Upcycled materials, handmade in the Loire, and a certified craft artisan behind every piece.

THE PIECES

TWO RANGES, EVERY SIZE

Any of my pieces can join your shop, from small pouches to large bags.

"COGITATIONS"

They take a stand, start a conversation, shake things up. Feminism, heritage, ecology: causes close to my heart, so I can share them.

"INTUITIONS"

They are "just" beautiful, they "just" give you goosebumps. Colours, textures, styles: I chase the line between tension and pleasure.
